

Dear Parents of I.B.A. Players,

This past Monday November 16, I had a meeting with Father Eastabrook the Pastor at St. Ignatius of Antioch and Ms. Ricksecker the Principal at St. Ignatius about the start of our basketball season. Due to the record number of Covid 19 cases being reported and the fact that the school has gone to remote learning due to the increase cases, it was determined that it would be in the best interest of players, coaches and family members that we postpone the start of the season. We will be meeting again on December 18, to discuss starting the season at that point. Those who had paid by check, we will continue to wait on depositing them until we know that we will have a season. If you wish to have them returned you can contact me at the number below. We will still be accepting registrations electronically by downloading form from iggyhoops.com then emailing them to btwdiw8760@yahoo.com. We are in need for more girls grades 5 thru 8 as well as boys and girls grades 3 and 4.
